

Tech4Good Community's Annual Summit 2024 | Event Agenda

Infosys Science Foundation, August 31 2024

Time	Title	Speakers	Details
09:30 AM - 10:00 AM	Tea & Coffee		
10:00 AM - 10:15 AM	Welcome Note	Akhila Somanath - Co-founder, Tech4Good Community	Welcome & Introduction: Kick off the event by outlining T4GC's journey, setting the day's tone, and providing an overview of the agenda. Why We Chose to Champion Free and Open-source Software (FOSS): Examine the reasons and motivations driving our support for open-source principles. FOSSFwd: Present the goals and vision of FOSSFwd, highlighting its role in advancing innovation and fostering collaboration.
10:20 AM - 10:35 AM	Keynote Speech	Kailash Nadh - CTO, Zerodha Co-Founder Rainmatter Foundation & Samagata Foundation	Open Source Software for Social Impact: Examine how open-source software is driving significant social change and making a difference in various sectors. Why FOSS Over Proprietary Software: Explore the unique advantages of FOSS in creating meaningful social impact compared to proprietary software. Reflecting on Experiences: Discover valuable insights and real-world experiences of using open-source technology to advance social good.
10:40 AM - 11:10 AM	Case Study Presentation by IMAGO	Prakarsh Diwakar - Program Manager, Imago Global Grassroots Ajith B M - Engineer, Tech4Good Community	Journey of Adopting FOSS for Large-Scale Government Programs: Explore a detailed case study on the successful integration of open-source systems into government initiatives. Learn about the experiences before adopting open-source and the challenges faced with multiple systems. Development Journey & Q&A: Review the development journey and participate in a Q&A session with the audience following the case study presentation.
11:15 AM - 11:30 AM	Coffee Break & Networking		
11:35 AM - 11:50 AM	Innovating for the Social Sector	Tushar Badhwar - CTO, Tech4Good Community	Insights on Scaling FOSS Adoption: Delve into the experiences that guided T4GC in scaling FOSS adoption. Hear about our journey of expanding FOSS initiatives and the positive outcomes that emerged along the way.
11:55 AM - 12:40 PM	FOSS Experts Panel	Panellists Vidya Sridhar -Insights Lead, Tech4Good Community Praveen Kumar Singh -Head of Engineering, Tech4Good Community Moosa Mehar M -Co-Founder, TinkerHub Foundation	Panel Discussion on FOSS Adoption: Explore diverse perspectives on FOSS adoption from our panellists, covering engineering, community impact, and social influence. Prashanth will moderate the discussion, engaging the panel with thought-provoking questions and inviting the audience to contribute with their queries.

		<p>Vinay Kumar C- Vice President, Zerodha</p> <p>Moderated by</p> <p>Prashanth Balasubramanian- Senior Tech Engineer, Tech4Good Community</p>	
12:45 PM - 01:10 PM	Lightning Talk: Unique Systems Built on FOSS.	<p>Tanu Shree- Engineering Team, Tech4Good Community</p> <p>Ajay Arjun- Head of Projects and Resources, Compassion Unlimited Plus Action(CUPA)</p>	<p>Presentation: Deep dive into an application created by T4GC for CUPA.</p> <p>On-Ground Impact of CUPA: Share insights into the on-ground impact of CUPA, discussing their challenges with operational gaps and tech adoption.</p>
01:10 PM - 02:00 PM	Lunch
